The Executive Director explained that The Star-Ledger's endorsement of a candidate before the debate violated Commission regulations established for debate sponsors. Executive Director Brindle related his conversation with a representative of The Star-Ledger prior to withdrawal. A copy of the withdrawal letter from William Paterson University is attached.

C. Trends in Receipts and Expenditures: 29-day Pre-election Gubernatorial and Assembly Reports, October 15 "Big Six" Quarterly Reports

Executive Director Brindle summarized receipts and expenditure information from gubernatorial and Assembly 29-day pre-election reports. The Executive Director reported that gubernatorial candidates raised \$27.5 million, a decline of 10 percent from the same election period in 2005, and spent \$23.1 million, a decline of 20 percent from 2005. The Executive Director reported that Assembly candidates raised \$9.7 million, a decline of 21 percent from the same election period four years ago, and spent \$5.2 million, a decline of 19 percent from 2005.

Executive Director Brindle summarized receipts and expenditure information from the "big six" (the State political party committees and Legislative Leadership Committees) third quarter (October 15) reports. The Executive Director reported that the "big six" committees raised \$8.1 million, a decline of 44 percent from the same reporting period in 2005, and spent \$5 million, a decline of 43 percent from 2005.

Executive Director Brindle noted that in previous years, the Commission issued an announcement that Gubernatorial and Assembly information was available on-line. He said that a new initiative involving pre-election press releases, which provide snap-shot analyses of current financial trends, was undertaken. He said they have proven useful for the press and general public. The Executive Director reported positive feedback from members of the press regarding the new analytical press releases.

Executive Director Brindle suggested that the decline in receipts and expenditures between 2005 and 2009 was caused by a combination of an underperforming economy, "Pay-to-Play" laws, and for Assembly contests, diversion of funds to the Gubernatorial contest.

The Executive Director expressed his gratitude to Director of Information Technology Carol Neiman and Compliance Director Evelyn Ford for their work in analysis and preparation of reports. He said that Elbia Zeppetelli and Maureen Tilbury were very helpful as well.

Commissioner Saunders commented on the increased ease with which the press was now able to access receipt and expenditure information.

Chair English recollected how much more time analysis of data took in previous years.

At this juncture, Mr. Ron Gravino, representing the Christie Campaign, thanked the Commission for issuing the press releases analyzing the financing of the various campaigns, stating that they were very helpful.

D. Sunset Regulations

Executive Director Brindle provided a summary of the process of renewing sunset regulations. The Executive Director anticipated that proposed regulations would be ready by the November 17, 2009 meeting.

Legal Director Carol Hoekje added that a public hearing for proposed regulations will be held in February or March, and anticipated adoption by May, 2010.

E. Public Financing Program - Public Hearing

Executive Director Brindle informed the Commission of the Public Financing Program public hearing scheduled to take place in March, 2010. The Executive Director added that notice of the public hearing would be published in the New Jersey Register, and outreach would be made to the New Jersey Law Journal concerning advertising and press advisories.

F. Secretary of State Nina Mitchell Wells - Initiative

Executive Director Brindle introduced a new joint initiative facilitated by the Commission and Secretary of State Nina Mitchell Wells. The Executive Director reported that this initiative involves cooperation between the Division of Elections and the Commission to streamline the processing of candidate petitions. Executive Director Brindle explained that this improved system will provide the Commission with access to the Division of Election's candidate database, and allows for the electronic production of labels and candidate lists.

Chair English asked if this new system would encompass the whole range of candidates.

Executive Director Brindle replied that the system applied to gubernatorial and legislative candidates for the moment, but that the Department of Elections was working with county clerks in order to bring additional categories of candidates into the system.

G. Candidate/Treasurer Training Sessions

At this juncture, Chair English complimented Senior Compliance Officer Kim Key and Compliance Officer Danielle Hacker for their efforts in facilitating the six candidate and treasurer training sessions provided by the Commission in September 2009.

Executive Director Brindle expressed a desire for additional field sessions in the future.

H. Emily's List v. Federal Election Commission

Executive Director Brindle advised the Commission on the decision in Emily's List v. Federal Election Commission, rendered by the United States Court of Appeals for the District of Columbia Circuit on September 18, 2009. The Executive Director informed the

Commission of the court's ruling that independent expenditures by non-profit "527" organizations cannot be restricted. He suggested that this action foreshadowed the decision expected in the current U.S. Supreme Court case Citizens United v. Federal Election Commission, and reflected a general trend towards loosening restrictions on corporate and union independent expenditures.
