1983 General Election Advisory #4

The Election Law Enforcement Commission has assembled an analysis of PAC contributions to 1983 general election legislative candidates, state political party committees and other statewide committees as of October 21, 1983. In total, 72 PACs contributed \$942,205 to legislative candidates, state political party committees and other statewide committees pre-election reports and 60 day post-election primary reports; \$363,979 went to Senate candidates and \$460,626 went to Assembly candidates. The remaining \$117,600 went to the state political party committees and other statewide committees.

The analysis is in three tables each for the Senate and the Assembly races.

- I Rank Order from High to Low
- II Party (Democratic, Republican and Independent)
- III Incumbency Status (Incumbent; challenger)

In addition, Table IV lists the amount received by statewide committees. Also, there is a table listing in rank order the PACs which made contributions to legislative candidates, state political party committees and other statewide committees.

This information updates data previously released (Advisory #3 - October 21, 1983). This report contains information from reports filed up to October 21, 1983. Changes since Advisory #3 are marked by an asterisk on Tables I and V.

Through this period incumbents have received \$713,940 while challengers have received \$110,665. Also, Democrats have received a total of \$411,400 while, Republicans have received a total of \$412,455.
